A Message from The Vicar

More than just a happy ending...

If you go to the cinema most films have that arc of action where the hero undergoes challenges but in true Hollywood style, they overcome their trials and rides off into the sunset. And we wait for the lights to turn on and get ready to leave the cinema so we can get on with our lives.

The power of the Easter story couldn't be more different though! Tom Wright writes; *'what God did for Jesus that explosive Easter morning is what He intends to do for the whole world. Easter is about a new creation that has already begun.'*

Jesus' death sets us free from the effects of sin and death and the power of his risen life can make us new. If we see the resurrection as the start of what God is doing to transform the world, then being a Christian is not just about the hope of going to heaven when we die but it is about being part of what God is doing to restore and renew us and our world now. St Paul wrote of the mighty power that raised Jesus to life that is at work in us who believe.

May we have the faith to believe and experience God's life and power at work in us.
